

Directions for Reading the Lesson Schedule

-
1. Find your name on the **Lesson Groups** page. Notice your **Lesson Group Letter Name**.
 2. Notice the day of the week you have your lesson (it's the heading of the section that your lesson group is in).
 3. Find today's date in the **Lesson Dates** at the top of the page. More than one date is shown, just use the date that matches your assigned day.
 4. Move your finger down the column until you see your group letter.
 5. Look to the left to see your **Lesson Period**.
 6. Cross out the date for the lesson you just attended, make it easier to find next week's lesson date!
